

# FiveEleven

FiveEleven delivers expert technical production when visibility, quality, and execution are critical.

## The Art + Precision of LIVE

We're the behind-the-scenes technical team that makes the magic! Partnering seamlessly with clients, agencies, brand teams, and producers to ensure every detail is planned and executed. With expertise in high-stakes meetings, corporate conferences, branded activations, awards, webinars, and broadcast-level hybrid events, FiveEleven handles every technical detail: sound, video, lighting, staging, and show direction, with the calm confidence that comes from decades of experience.

### CORE SERVICES

#### WEBINARS AND VIRTUAL EVENTS

Studio-grade audio, broadcast-quality video, and a producer on the line with you.

#### AUDIO-VISUAL DESIGN & ENGINEERING

Integrated sound, lighting, and video systems that elevate the story.

#### EVENT MANAGEMENT & LOGISTICS

Expertly mapped timelines, clear communication, precise execution.

#### TECHNICAL PRODUCTION & DIRECTION

We translate vision into live reality – overseeing every cue, crew, and cable.

#### INDUSTRIAL THEATER

The discipline that defines us – live storytelling built on technology, timing, and emotional energy.

**Services** include pre-production focused on technical specification and budgeting, multi-vendor orchestration, on-site execution, technical + show crew management, broadcast and streaming services, and post-event wrap.

**Experience** includes Fortune 500 conferences, global summits, virtual/hybrid sales meetings, product launches, award shows, and live entertainment – based upon a proven process defined by partnership, preparation, and the best people in the industry.
